### CONFERENCE AIMS & OBJECTIVES

GTSD 2018 (GTSD'18), fourth in the GTSD series, is co-organized by HCMC University of Technology and Education (Vietnam), IEEE Systems, Man and Cybernetics Society, National Institute of Solar Energy, MNRE (India), National Kaohsiung University of Applied Sciences (Taiwan) and Kun Shan University (Taiwan). It is planned to stage again in University of Technology and Education HCMC in the beautiful Ho Chi Minh City to promote active participation of all attendees via interactive and dynamic keynote addresses, plenary sessions, advanced workshop and panel discussion. In addition, receptions and small group meeting facilities will allow participants to interact with each other informally to explore issues and solutions related to the global future of green technology and sustainable development. The proceedings of GTSD'18 will be published by the IEEE with EI- indexing. Best paper awards will be given to those with outstanding achievements.

The conference welcomes all submission of original research papers in all aspects of green technology and sustainable development. To broaden the scope and promote participant, organized sessions will also be welcomed and incorporated into the GTSD'18 program.

### TOPICS OF INTEREST INCLUDE, BUT NOT LIMITED TO:

Automation Applications in Environmental Technology	Information and System Engineering
Autonomous Vehicle Support Systems	IoT Enabled on Demand Transportation Systems
Bioenergy, Biomass and Biofuels	IoT in Education and Industry
Energy Demand Control Systems	Medical and Health Systems
Energy Efficient Designs and Standards	New forms of energy
Energy Management systems	New Technology for Life
Energy Saving	Optimization
Environmental Conservation	Principles of Building Green
Environmental Chemistry and Pollution Control	Renewable Energy Supply
Green Architecture and Design	Smart Grid
Green Economy	Sustainable engineering
Green Nanotechnology	Sustainable materials
Green Power systems	Sustainable solutions in developing countries
Green Technology & Energy Science	Systems Safety and Security
Human Systems	Zero Net Energy (ZNE) buildings
